Application and Certificate for Payment

GENERAL INFORMATION

Purpose and Related Documents. AIA Document G702, Application and Certificate for Payment, is to be used in conjunction with AIA Document G703TM, Continuation Sheet. These documents are designed to be used on a Project where a Contractor has a direct Agreement with the Owner. Procedures for their use are covered in AIA Document A201TM, General Conditions of the Contract for Construction.

Use of Current Documents. Prior to using any AIA Contract Document, users should consult www.aia.org or a local AIA component to verify the most recent edition.

Reproductions. This document is a copyrighted work and may not be reproduced or excerpted from without the express written permission of the AIA. There is no implied permission to reproduce this document, nor does membership in The American Institute of Architects confer any further rights to reproduce this document.

The AIA hereby grants the purchaser a limited license to reproduce a maximum of ten copies of a completed G702, but only for use in connection with a particular project. The AIA will not permit reproduction outside of the limited license for reproduction granted above, except upon written request and receipt of written permission from the AIA.

Rights to reproduce the document may vary for users of AIA software. Licensed AIA software users should consult the End User License Agreement (EULA).

To report copyright violations of AlA Contract Documents, e-mail The American Institute of Architects' legal counsel, copyright@aia.org.

COMPLETING G702

After the Contractor has completed AIA Document G703, Continuation Sheet, summary information should be transferred to AIA Document G702, Application and Certificate for Payment.

The Contractor should sign G702, have it notarized, and submit it, together with G703, to the Architect.

The Architect should review G702 and G703 and, if they are acceptable, complete the Architect's Certificate for Payment on G702.

The Architect may certify a different amount than that applied for, pursuant to Sections 9.5 and 9.6 of A201. The Architect should then initial all figures on G702 and G703 that have been changed to conform to the amount certified and attach an explanation. The completed G702 and G703 should be forwarded to the Owner.

5.4

< 1

MAKING PAYMENT

The Owner should make payment directly to the Contractor based on the amount certified by the Architect on AIA Document G702, Application and Certificate for Payment. The completed form contains the name and address of the Contractor. Payment should not be made to any other party unless specifically indicated on G702.

.....

.

EXECUTING THE DOCUMENT

Persons executing the document should indicate the capacity in which they are acting (i.e., president, secretary, partner, etc.) and the authority under which they are executing the document. Where appropriate, a copy of the resolution authorizing the individual to act on behalf of the firm or entity should be attached.

■AIA Document G703[™]- 1992 Instructions

Continuation Sheet

GENERAL INFORMATION

Purpose and Related Documents. AIA Document G703[™], Continuation Sheet, is to be used in conjunction with AIA Document G702[™], Application and Certificate for Payment, or AIA Document G732[™], Application and Certificate for Payment, Construction Manager as Adviser Edition. These documents are designed for use on Projects where the Contractor has a direct Agreement with the Owner. Procedures for their use are covered in AIA Documents A201[™], General Conditions of the Contract for Construction, and A232[™], General Conditions of the Contract for Construction, Construction Manager as Adviser Edition.

Use of Current Documents. Prior to using any AIA Contract Document, users should consult www.aia.org or a local AIA component to verify the most recent edition.

Reproductions. This document is a copyrighted work and may not be reproduced or excerpted from without the express written permission of the AIA. There is no implied permission to reproduce this document, nor does membership in The American Institute of Architects confer any further rights to reproduce this document. The AIA hereby grants the purchaser a limited license to reproduce a maximum of ten copies of a completed G703, but only for use in connection with a particular project. The AIA will not permit reproduction outside of the limited license for reproduction granted above, except upon written request and receipt of written permission from the AIA. Rights to reproduce the document may vary for users of AIA software. Licensed AIA software users should consult the End User License Agreement (EULA). To report copyright violations of AIA Contract Documents, e-mail The American Institute of Architects' legal counsel, copyright@aia.org.

COMPLETING G703-1992

Heading. This information should be completed in a manner consistent with similar information on AIA Document G702, Application and Certificate for Payment, or G732TM, Application and Certificate for Payment, Construction Manager as Adviser Edition, whichever is applicable. Columns A, B and C. These columns should be completed by identifying the various portions of the Project and their scheduled values consistent with the schedule of values submitted to the Architect at the commencement of the Project or as subsequently adjusted. The breakdown may be by sections of the Work or by Subcontractors and should remain consistent throughout the Project. Multiple pages should be used when required. Column C should be subtotaled at the bottom when more than one page is used and totaled on the last page. Initially, this total should equal the original Contract Sum. The total of column C may be adjusted by Change Orders during the Project.

Column D. Enter in this column the amount of completed Work covered by the previous application (columns D & B from the previous application). Values from column F (Materials Presently Stored) from the previous application should not be entered in this column.

Column E. Enter here the value of Work completed at the time of this application, including the value of materials incorporated in the project that were listed on the previous application under Materials Presently Stored (column F).

Column F. Enter here the value of Materials Presently Stored for which payment is sought. The total of the column must be recalculated at the end of each pay period. This value covers both materials newly stored for which payment is sought and materials previously stored which are not yet incorporated into the Project. Mere payment by the Owner for stored materials does not result in a deduction from this column. Only as materials are incorporated into the Project is their value deducted from this column and incorporated into column E (Work Completed—This Period.) Column G. Enter here the total of columns D, E and F. Calculate the percentage completed by dividing column G by column C.

Column H. Enter here the difference between column C (Scheduled Value) and column G (Total Completed and Stored to Date).

Column 1. This column is normally used only for contracts where variable retainage is permitted on a line-item basis. It need not be completed on projects where a constant retainage is withheld from the overall contract amount.

Change Orders. Although Change Orders could be incorporated by changing the schedule of values each time a Change Order is added to the Project, this is not normally done. Usually, Change Orders are listed separately, either on their own G703 form or at the end of the basic schedule. The amount of the original contract adjusted by Change Orders is to be entered in the appropriate location on the G702 or G732 form, whichever is applicable.

Construction Change Directives. Amounts not in dispute that have been included in Construction Change Directives should be incorporated into one or more Change Orders. Amounts remaining in dispute should be dealt with according to Section 7.3 of A1A Document A201 or Section 7.3 of A1A Document A201 or Section 7.3 of A1A Document A201.

Re: \$4,015,000 Certificates of Participation (Clay County, Mississippi Lease Purchase Project), Series 2018

Attention:

In accordance with the terms of the Trust Agreement dated as of May 1, 2018, by and between you and Clay County, Mississippi (the "County") (the "Trust Agreement"), you are hereby authorized and requested to make immediate disbursement of funds held by you for Acquisition Costs (as defined in the Trust Agreement).

The undersigned hereby certifies that:

(i) No part of the amount requested herein has been included in any other request previously filed with you;

(ii) There has not been filed with or served upon the Corporation or, if different, the undersigned, any notice of any lien or attachment upon or claim (except for any preliminary notice of lien as may be filed in accordance with law) affecting the right of the person, corporation or other entity stated below to receive payment of the amount stated below, which lien has not been released or will not be released simultaneously with the payment requested hereunder;

(iii) The amount remaining in the General Account within the Construction and Acquisition Fund held under the Trust Agreement will, after payment of the amount requested below, be sufficient to pay the cost of completing the construction of the Improvements (as hereinafter defined in accordance with construction contracts now in effect and the undersigned's estimates of costs of work, if any, not under contract, all in accordance with the plans and specifications for the improvements described in the Lease (the "Improvements") now in effect and on file with the Corporation;

(iv) The labor, services and/or materials covered hereby have been performed upon or furnished to the Improvements and the payment requested herein is due and payable under a purchase order, contract or other authorization;

(v) All construction to date has been performed in accordance with the plans and specifications for the Improvements on file with the Corporation, and there have been no changes in those plans and specifications except as have been expressly permitted by the Corporation;

41948790.v1

(vi) There have been no changes in the scope or time of performance of the work of construction, nor any extra work, labor or materials ordered or contracted for, nor are any such changes contemplated, except as have been expressly permitted by the Corporation;

(vii) All amounts previously disbursed by you for labor, services and/or materials with respect to the Improvements, pursuant to previous disbursement requests, have been paid to the parties entitled thereto;

(viii) All conditions to the disbursement of the funds requested herein as set forth in the Trust Agreement and in the Lease have been fulfilled, and, to the best knowledge of the undersigned, no default under the Lease has occurred and is continuing; and

(ix) If applicable, an executed American Institute of Architect's Form G702 is attached hereto.

You are hereby requested to pay from the General Account within the Construction and Acquisition Fund established by the Trust Agreement, to the person, corporation or other entity designed below as Payee, the sum set forth below such designation, in payment of all (__) or a portion (X) (designated by the insertion of an "x" in the parentheses following the correct word or phrase) of the Acquisition Cost described below.

#### Computer Software Support Agreement

#### Purpose

The purpose of this agreement is to assure you that all software provided by Delta Computer Systems, Inc. (Delta) as listed on the addendum(s) to this agreement is in compliance with applicable laws, rules and regulations as they pertain to the software. As the laws change, Delta will provide updated programs to meet the demands of the legislation.

#### **Delta's Obligations**

Delta will analyze new regulations and prepare modifications of the software to ensure the system conforms. The modifications shall be limited to existing licensed software which you have purchased and shall not include new systems. New programs required to meet new, additional requirements shall not be provided under this agreement. For example, if you licensed the magnetic payroll tax reporting system and IRS initiates a change to the method of reporting, the changes will be provided under this agreement. However, if you had not purchased the magnetic reporting software initially, there would be an additional charge for the program.

Problem resolution is handled on a first come first serve basis within a priority group. Priority groups are determined by user need and externally defined deadlines. Completely down systems have priority over operational systems. Externally defined deadlines (IRS, State, Federal, etc.) have priority over non-deadline items. Average response for critical items is two hours or less depending upon the complexity of the request.

All software updates will be delivered to you electronically or by mall depending upon the size and urgency of the update. Delta shall provide installation instructions and/or telephone assistance for loading updates as appropriate. Delta shall not be responsible for maintaining any of your modifications. Corrections of difficulties or defects traceable to your errors or system changes will be billed at triple the standard rate.

#### **Client's Obligations**

Client shall inform Delta as soon as reasonably possible as to the nature and impact of upcoming legislative changes that affect the software system. Client shall provide copies of all pertinent documentation and shall assist Delta in understanding the new requirements and developing a method of meeting the requirements. During the term of the software support agreement, Client shall at Client's expense, provide Delta with secure telnet and ftp internet access to Client's server from Delta's server for the purpose of diagnosing problems and to facilitate software updates.

#### <u>General Terms</u>

This contract shall commence on the first day of delivery of the software or upon acceptance of the addendum(s) by both parties and shall remain in effect for one year. Fees for software support shall be payable monthly or annually in advance. A penalty of 1.5 percent per month of the outstanding balance will be assessed to accounts that remain past due more than 60 days. Delta reserves the right to withhold services for any account which is past due more than 60 days.

Client shall be responsible for all incidental costs such as mail, telephone, travel and subsistence in connection with support services.

Client shall use Delta's prescribed reporting procedures to outline software problems.

Either party may terminate this agreement after a 90 day written notice and payment of all outstanding amounts due.

This agreement shall automatically renew at each annual period. Delta reserves the right to modify its fees by providing notice of such 60 days prior to the renewal period.

Services provided by Delta that are above and beyond the scope of this agreement shall be billable at Delta's current rate at the time such services are rendered.

This agreement is binding on, the parties hereto and their successors, and to Seller's assigns, sub-lessees and transferees.
