Emergency Services Agreement

This agreement (the "Agreement") is effective the 23 day of May, 2019 (the "Effective Date"), by and between North Mississippi Ground Ambulance, LLC, a Mississippi limited liability corporation ("NMGA") and Clay County, Mississippi, a body politic ("Clay County");

Whereas the parties have previously had an agreement under the terms of which NMGA provided emergency and non-emergency ambulance services to Clay County, and the parties have been negotiating and have reached a new superseding agreement which they wish to commit to writing.

In consideration of the premises and mutual covenants and promises contained herein, the parties agree as follows:

1. NMGA shall be the single provider of emergency and non-emergency ground ambulance service for the County under the terms of this Agreement. NMGA shall be responsible for all emergency ambulance transports originating in Clay County (the "County") and will be coordinated through the Clay County E911 dispatch center.
2. The geographical scope of the service will include Clay County. The Service Agreement shall begin on the Effective Date and extend for a period of three (3) years but shall renew automatically at the end of the third year, for an additional year under the same terms and conditions, unless either party provides 60 day written notice of non-renewal, with no cause necessary, or in the event the parties cannot reach an agreement contemplated by paragraph 3.
3. Clay County shall pay NMGA the sum of \$143,000.00 per year (the "Base Payment") payable in 4 equal quarterly installments of \$35,750.00 each, with the first payment due on June 10, 2019, and on the tenth day of each 3 months thereafter. After the third year the parties shall consider the renegotiation of the annual base payment. The County will apply annually for the EMSOF grant through the Mississippi State Department of Health as long as funding is available and the Base Payment shall be reduced by the amount of any grant Clay County receives and is utilized by NMGA. It is understood that any property acquired by grant funds must remain as a part of the county inventory. Either party may terminate this Agreement without cause by providing the other party with sixty (60) days advance written notice of termination. In the event NMGA terminates this Agreement and Clay County has tendered payment in advance as contemplated by the parties, Clay County shall be refunded a pro rata portion of those payments made for services not realized due to cancellation of the Agreement.
4. Except as otherwise specifically provided in this Agreement, NMGA shall provide two 24 hour staffed advance life support trucks (the "Primary Ambulances") allocated to Clay County only. These trucks cannot be pulled to other counties to run emergency or non-emergency calls except in the event of mutual aid. Mutual aid is considered to be a pending/holding 911 call in a neighboring county. If one of the two Primary Ambulances based in Clay County is in Tupelo in response to a call or transfer initiated in Clay County, it can bring or transport patients back to Clay County providing the ambulance shall not be unreasonably delayed except to wait and return a patient to Clay County and cannot be sent to another county. Otherwise, this Primary Ambulance must return immediately to Clay County for coverage.

5. NMGA shall respond to all emergency ambulance service requests that are received through the Clay County E911 dispatch center. NMGA shall coordinate with the County to develop and maintain a system which effectively provides for prompt notice of any calls, emergency or otherwise.

6. Assuming availability and no weather or traffic related delays, targets for Ambulance response times must not exceed ten (10) minutes for an average of all emergency calls in the City of West Point and twenty (20) minutes for an average of emergency calls to any other given location within the County from the time the dispatched information is given to NMGA until the ambulance arrives on scene.

All ambulance units provided by NMGA for emergency response must at all times be fully equipped with all necessary advanced life support ("ALS") equipment and staffed to operate at the advanced life support level on all emergency ambulance responses, including immediate and urgent services. NMGA shall comply with all applicable Mississippi State Department of Health policies and approved medical standards.

7. NMGA shall be responsible for providing the cost of the radios for the radio and dispatch system through MSWIN, and NMGA shall pay the cost for the base equipment and thereafter the annual fee for group membership that will be compatible to the radio and dispatch system already being utilized at the County's dispatch center. To the extent, NMGA utilizes EMSOF grant funds for other equipment purchases, the equipment will remain a part of the Clay County inventory. Otherwise, NMGA shall be the owner of the equipment.

8. As provided in paragraph 38, NMGA shall provide all necessary insurance and compliance documentation required to function in the State of Mississippi as a contracted ALS emergency ambulance service provider at no cost to the County. Such insurance shall include Clay County as an additional insured thereon.-

9. Extrication and rescue activities will remain the responsibility of the County's Fire Department. NMGA will not be responsible for these activities and shall have no liability related thereto.

10. NMGA pledges to be visible and be a partner in the Clay County community. In addition to emergency response, NMGA as availability of vehicles and man power will participate in job and health fairs and the like and will be requested to provide emergency ambulance coverage/standby by request, when available, to special functions including but not limited to sporting events and games, community events, extended fire suppression calls, hazardous material operations, and any other activities deemed medically necessary by NMGA to provide preemptive emergency medical care to the visitors, citizens, and emergency service personnel within the County.

11. NMGA shall be responsible for securing on-line and off-line medical control as defined in the Rules and Regulations of the Mississippi State Department of Health, Division of Emergency Medical Services.

12. Both parties shall afford equal employment opportunities and shall not discriminate based

on race, color, religion, gender, age, physical disability, sexual orientation, veteran status or natural origin, with respect to employment.

Personnel at the County's dispatch center will identify the caller's needs and determine if medical aid is needed, and will follow priority dispatching protocols to identify the nature of the call and location. This information will be dispatched by radio. Clay County's dispatch center is operated by Clay County employees under direct supervision of the Clay County's designated personnel.

17. In addition to the trucks referred to in paragraph 4 of this Agreement, NMGA shall provide ready access to one 24 hour ALS call truck. The call truck will be for the purpose of improving 24 hour ambulance availability in Clay County. This ambulance will be staged at the NMWP Ambulance Center location. The truck will be allocated for emergency or non-emergency calls mainly in Clay County. This crew will be on call and called in as needed when a front line truck is on an out of town transfer or when call volumes are high and there is a need.

18. Patient treatment and transport shall be performed in accordance with all applicable laws and regulations which may include contact with an online or offline Medical Control officer.

To the extent applicable NMGA shall comply with 501(R) of the IRS Code.

Step 4: Grant Budget Narrative

On the following pages, describe what is planned to be spent in grant dollars on local EMS this fiscal year.

This is not a narrative of your total budget, just how you intend to spend the grant monies. Only the items to be paid for by this grant should be listed. Each item to be purchased or paid for must be listed with an estimated cost. Indicate how each purchase will be an improvement/enhancement to the government EMS units.

The following is an example.

- | |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>1. Personnel Expenses - EMSOF may only be used to pay payroll and benefit differential pay for governmental units for the first year that a governmental unit improves its' level of ambulance service licensure (i.e., BLS to ALS), staff travel to BEMS approved training opportunities, and tuition for BEMS approved training opportunities. (Go to Page 6 to complete)</p> |
| <p>2. Contractual Services - Itemize all individual contracts and justify the services provided. (This is where payments to EMS Districts would be justified and listed.) (Go to Page 7 to complete)</p> |
| <p>3. Commodities - Categorize and give cost of all supplies. You may not purchase supplies for which you bill patients with grant funds. (Go to Page 8 to complete)</p> |
| <p>4. Equipment - List each non-expendable item to be purchased as shown:</p> <ul style="list-style-type: none">• Justify how each item of equipment relates to EMS activities.• Explain what steps you have taken or will take to insure that you receive the best value for least cost, consistent with state and federal purchasing regulations. (Go to Page 9 to complete) |
| <p>5. Capital Outlay other than Equipment - EMSOF may be used to purchase capital outlay items that improve local Emergency Medical Services. Explain and justify all cost to be incurred and the relationship to EMS activities. (Example: Building a new station to offer better coverage of the county...) (Go to Page 10 to complete)</p> |
| <p>6. Escrow - Funds may only be escrowed for up to three (3) years. After the three (3) years, the funds must be expended before escrow of funds can occur again. Please provide a brief explanation of how these funds will be used at the end of the three (3) years and/or justification for escrowing these funds. (Go to Page 11 to complete)</p> |
| <p>7. Other - Any purchase listed under this caption must be approved by the Emergency Medical Services Advisory Council. (Go to Page 12 to complete)</p> |

C/o Mr. Wes Herring

Re: Lease Purchase Financing – Nine (9) New 2021 Dodge Durango's

Board Members:

We understand that Clay County, Mississippi is considering lease-purchase financing for Nine (9) 2021 Dodge Durango's (hereinafter the "Equipment") under the authority of Sec. 31-7-13(e) of the Miss. Code of 1972, as amended. The Equipment's total cost is not expected to exceed \$323,415.00 and 100% of the cost will be financed.

The rates provided below assumes that the debt will be designated as "bank-qualified" tax exempt within the meaning of Sec. 265(b)(3) of the Internal Revenue Code of 1986, as amended. If it is determined that the County is ineligible to issue bank-qualified debt this calendar year, different rates will apply.*

<u>Amount Financed:</u>	<u>Terms**:</u>	<u>Rate:</u>
\$323,415.00	5 annual payments @ \$70,598.98 per year	2.99%

◆ No Prepayment Charges or Penalties ◆ No Additional Charges of Any Kind ◆

* Determination of taxability would be the responsibility of the County's legal counsel.

** The County will certify that the Equipment will not be replaced by other equipment, performing the same or similar functions, until the term of the financing option expires.

This proposal assumes compliance by the County with applicable state and federal law governing borrowings by political subdivisions. In addition, normal Bank credit approval requirements for lending to these types of entities would apply. Credit approval includes approval of both the manufacturer and vendor of the Equipment to be purchased. Necessary documentation would include, but not be limited to, a legal and tax opinion from issuer's legal counsel. Liability and physical damage insurance would be required with Hancock Whitney Bank being shown as the additional insured and/or loss payee as its interest may appear.

This proposal is good if accepted within 30 days and the obligation is funded within 60 days of the date of this letter.

Thank you for considering Hancock Whitney Bank for your Governmental Leasing needs!

Sincerely,

HANCOCK WHITNEY BANK
