**Re: Clay County Utility Permit
CSE #870001**

Attached please find an approved utility permit for Barton Ferry Road in Clay County. Please contact the Clay County District 1 Supervisor prior to starting work under this permit. All disturbed areas and excavated trenches are to be revegetated, and stabilized as to prevent future erosion. When construction is complete, please provide a certification to this office stating that the utility has been installed in accordance with the Clay County utility permit SOP and in accordance with the attached permit so that the inspection of the completed permit installation can be inspected for compliance. The minimum cover of the conduit is to be three (3) feet below the ground surface and ditches at all locations.

Sincerely,

Robert L. Calvert, P.E.

PERMIT APPLICATION FOR USE AND OCCUPANCY AGREEMENT
FOR THE CONSTRUCTION OR ADJUSTMENT OF A UTILITY
WITHIN COUNTY ROAD RIGHT-OF-WAY

PROJECT NO. _____ COUNTY CLAY

UTILITY NAME BellSouth Telecommunications LLC. d/b/a AT&T Mississippi

BY William Peoples, Manager OSP Planning & Engineering Design
(Name & Company Title)

ADDRESS 1002 Main Street, Columbus, MS 39701, herein called APPLICANT,

proposes to construct buried fiber telecommunications cable route
(Type of Facility)

along or across Barton Ferry Rd Road, said facility to be
(Name of Road)

installed between Station No. _____ and Station No. _____ and within the road

right-of-way, and hereby makes application to the County for the construction permit. Attached hereto are drawings or plans for the construction, which will not be changed or altered without approval of the Board of Supervisors, or its authorized representative.

WHEREAS, the Legislature of Mississippi has heretofore granted to the Applicant the right to locate its facilities upon, across, under, over and along public roads and streets within the State of Mississippi; Applicant agrees to comply with applicable provisions of S.O.P. No. SA II-2-8, Policy for the Accommodation of Utility Facilities within the Rights-of-Way of County Federal Aid and State Aid Roads (hereinafter referred to as the "Policy"), promulgated by the State Aid Engineer and dated July 1, 2005, and which is hereby made a part of this Application Agreement, and agrees to perform the construction according to the applicable industry code and according to the plans and specifications for the project.

The Applicant shall be responsible for future maintenance and repair of the facilities. The Applicant shall make future adjustments in, or relocate, the facilities located within the road right-of-way when required for road widening, construction or maintenance, and its right to reimbursement of its costs shall be in accordance with State Laws affecting County roads in effect at the time such adjustment or relocation is made. Further, any maintenance, repair, or construction shall be done in such a manner as to occasion no unreasonable interference with the normal flow and safety of traffic.

A general description of the size, type, nature, and extent of the Utility work to be done is as follows:

AT&T is proposing to directional bore approximately 57 feet of buried 24-pair fiber optic cable across Barton Ferry Rd. from existing handhole on south side of the road.

The Applicant understands and agrees that, except as herein granted, no right, title, claim, or easement to said road right-of-way is granted by the issuance of this permit and that if this Utility Facility is not placed within the allowable horizontal and vertical limits as listed in the general provisions of the Policy, it will be adjusted to comply with same without cost to the County, unless the variance from the Policy has been approved by the granting of the Permit pursuant to this Application.

CLAY

County agrees to the following stipulations:

- (1) To cooperate with the Utility Company in every way to avoid conflicts in the location, construction, and maintenance of the County road and Utility Facility.
- (2) To pursue any and all legal means to see that Policy Standards, except to the extent of any variance shown on the plans filed herewith and approved, are complied with in the facility installation.
- (3) If the County/LSBP Engineer or other authorized representative of the Board of Supervisors approved the drawings, sketches, and plans submitted by the Applicant, he shall so indicate by signing and dating the Permit Approval at the end of this Application, and the Applicant may proceed with the installation; if the drawings, sketches, and plans are not approved, he shall promptly notify the Applicant, and advise him of the reason or reasons. He will also act as the duly appointed representative of the Board of Supervisors and will give his approval to the completed work as being in compliance with the location and standards shown in the Policy and in this Agreement for the installation.
- (4) That all joint road construction and utility adjustment or relocation operations will comply with the requirements of Section S-105.06 and Section S-107.18, Mississippi Standard Specifications for State Aid Road and Bridge Construction, 2004 edition (or current edition).
- (5) Should any terms or provision of this Agreement conflict with the Laws of the State of Mississippi, or the United States, or impair or deny to the Applicant or the County any right protected thereby, it shall be deemed amended to conform to said Laws.

WITNESS THE SIGNATURE OF THE APPLICANT this the 18TH day of

DECEMBER, 2020

RE Real Estate Appraisal Report
A 157.0 Acre +/- Agricultural Tract
Located On Ray Vail Road
Woodland, Clay County, Mississippi 39776

Clay County Board of Supervisors:

In response to your request and authorization, I have conducted an investigation and analysis necessary of the tract to be acquired from the property owned by Roy Pate and Judy M. Pate(Life Estate), Emily J. Suggs and Dexter R. Pate located in a fraction of the NW 1/4 corner of Section 2, T-16-S, R-3-E of Clay County, MS. The subject is included on the Clay County, Mississippi tax rolls as part of parcel 024020130100.

The analysis and opinion for just compensation is made before and after the acquisition of the 0.6997 acres, more or less, by Clay County. The property being considered in the before condition of this report is a 157.0 ± acre parcel that is one contiguous tract. The report will identify and describe the parcel.

The opinions set forth in this report are stated as of December 1, 2020, which was the date of my last site visit. The analysis and opinions in this report are subject to the following premises, assumptions, and limitations.

The proper procedure is to value the entire property before and after the proposed acquisition and consideration of damages, if any. The subject property has been considered as such. My assignment is to value the part taken and to consider the damages to the remainder, if any, giving an indication of value for just compensation.

The property as a whole is approximately 157.0 ± acres of land owned by Roy Pate and Judy M. Pate(Life Estate), Emily J. Suggs and Dexter R. Pate, located along on the south side of Ray Vail Road, Woodland, Mississippi. The part to be acquired by Clay County consists of 0.6997 acres ± total, more or less.

In the before condition, the property consists of an irregular shaped tract on the south side of Ray Vail Road with a highest and best use as agricultural land.

In the after condition the property consists of one contiguous tract of land that has frontage along Ray Vail Road. The tract would have potential for continued use as agricultural tract.

Based upon the data included in this report, other information in my files, my investigation and analysis and upon my experience as a real estate appraiser, I have reached the opinion that the property, as of December 1, 2020, had a before market value, an aftermarket value considering damages, and the resulting just compensation of:

Step	Description	Value	
1	Value before acquisition	\$ 429,250.00	
2	Value of part acquired (as part of whole) -	\$ 1,954.32	
3	Remainder value before acquisition =	\$ 427,295.68	
4	Remainder value after acquisition -	\$ 392,882.44	
5	Damages to remainder*	= \$ -	
6	Special benefits to remainder -	\$ -	
7	Net damages to remainder =	\$ -	
8	Value of part taken (as part of whole) +	\$ 1,954.32	
9	Total difference =	\$ 1,954.32	
10	Temporary Easement +	\$ -	
	Just Compensation =	\$ 1,954.32	
	*this value cannot be less than zero		
	Just Compensation	\$ 1,955.00	Rounded

Additionally, there is approximately 200 feet of fencing that will need to be replaced. The estimates for a similar fence installed ranged from \$3 to \$7 per linear foot. A price of \$5 per linear foot was used to calculate to cost to cure. $\$5 \times 200' = \$1,000$. This figure would need to be included in the just compensation. The result is:

Rounded to \$2,955.00

Dear Mr. Hardin:

The Clay County Board of Supervisors respectfully requests to extend the referenced contract ending date to June 30, 2021 in order to fully complete the referenced project. While reconstruction of West Church Hill Road is nearing completion, additional time is needed to fulfill all requirements of the project contract.

This six-month extension should provide an adequate amount of time in which to complete this project. Your favorable approval of this request will be greatly appreciated. Should you have any questions or need additional information, please contact Phylis Benson of Golden Triangle Planning and Development District at (662) 320-2007.

First Line Supervision

Meeting the Leadership Challenges of Law Enforcement

Leadership is not an easy task in the best of times, but in challenging times we are facing currently in law enforcement the best in leadership skills are needed. We will look at key principles all leaders should strive for as they prepare to make a difference in their law enforcement organization, especially under the current public scrutiny. This presentation will focus on individuals who are students of leadership and want to grow as individual leaders addressing their motivation for achieving and maintaining a high level of professionalism and leadership skills utilizing ethical decision-making.

Course Objectives:

- **Leadership a Primer** – By examining in detail the definition of leadership and focusing in on the characteristics of great leaders and the levels of leadership the student will be able to identify those characteristics they need to develop and those that suits them best.

Questions covered in this block will include:

Born Leaders v. Learned Leaders?
Learning from you Mistakes, "The Eraser Principle"
What every Leader should stop doing!

- **Leadership Case Study** – To develop the officers toward leading ethically, a case study of several leadership styles are critiqued to help officers identify themselves the characteristics of success and the pitfalls of certain traits. Students will determine their Desires v. Abilities, Strengths v. Weaknesses and the differences and what will make the most impact!
