RE Clay County 2012 Annual Maintenance Inspection

Gentlemen

Enclosed is a copy of the report of the Annual Maintenance Inspection which was conducted on October 16, 2012. I would like to thank County Engineer Robert Calvert for participating in the inspection. Please review this report and include the recommendations in your maintenance program for the coming year.

Maintenance is in need of improvement in several parts of the County. Maintenance items from previous reports are still not addressed. Failure to improve maintenance on existing projects can result in suspension of State Aid and other funding to the County until maintenance issues are addressed.

Should you have questions or comments concerning this report, please do not hesitate to contact us. I look forward to working with you on your State Aid Program.

Sincerely,

H Carey Webb, P E
State Aid Engineer

J D Jackson, P E , State Aid District Engineer
Robert Calvert, P E , County Engineer

Give a general narrative description of the maintenance of the surface, shoulders, slopes, ditches, drainage structures, right-of-way, and bridges on all the State Aid projects in the County

Surface maintenance is required on several roads as listed. Shoulders and slopes were generally in acceptable condition. Mowing and clearing of right of way needs improving in several districts, along with cleaning out around bridges and box culverts. Several box bridges need the silt cleaned out of the barrels and aprons. Missing hazard markers at bridges need to be replaced immediately, and hazard markers leaning, low, or covered up by vegetation need to be addressed. Fences on right of way should be removed immediately. Brick mailbox supports located in the roadway clear zone are a hazard and should be removed and/or relocated. No State Aid or Federal Aid funds can be expended on roads with non-conforming mailbox supports until that support is removed.

A Items requiring immediate attention

Replace missing, damaged or faded road signs
Replace missing hazard markers at bridges
County needs to address brick and non-conforming mailbox supports in the roadway clear zone
Remove fences from project rights of way

(11) All bids are to be quoted with a delivered price and an FOB your plant quote In addition to bidding as heretofore requested in No 10 above bidders are also requested to bid on the item to each respective Supervisor s District whereby the Board could accept bids for those road building materials on a per district basis as

well as a County wide basis. The Board specifically requests that bids for these items be on a ton per yard basis rather than by weight.

The outside of each bid should clearly list and specify each and every item being bid upon.

The Board intends to accept the lowest and best bid for all items on which they receive bids and it shall be within the discretion of the Board to determine and adjudicate which bid or bids represent the lowest and best bid on any and all items on which bids are received.

It is the intention of the Board of Supervisors that bidders specify within the bid each and every item and price per item upon which they are submitting bids and further the Board does not wish to receive bids that provide for change in price during the term for which bids are submitted. The Board does not desire to receive bids providing for discounts but desires to receive net price bids.

The Board reserves the right to accept and reject all bids received and to waive any and all formalities with the acceptance or rejection of bids.
