Renasant Bank complies with the Mississippi Code of 1972, Section 27-105-5. FDIC coverage is currently at \$250,000.00, thus funds in excess of \$250,000.00 will be secured.

In summary, Renasant Bank can offer all the previous listed account and Treasury Management services as stated above for a minimum cost along with a special interest rate. The deposits that are referenced in this bid proposal are to be regular tax

collection funds or other revenues normally generated by Clay County that would be placed in a transactional account. Bond proceeds, special project funds or any other type funds not normally derived from tax collections and certificate of deposits will be offered a competitive rate based on market conditions at that time. For this reason, we are limiting the account balances to twenty-five million (\$25,000,000.00) dollars and reserve the right to pledge securities only up to this committed cap. Due to the collateral agreements the Bank has agreed upon, any balances in excess of the limited account balance may result in the forfeiture of interest and could be considered a violation of the bid contract.

RE Depository bid for two years beginning January 3 2017 thru January 7 2019

TO WHOM IT MAY CONCERN

Regions Bank appreciates the opportunity to present this proposal for banking services to Clay County for a two year term ending January 7, 2019. We know that a financial partnership begins with a thorough understanding of the various needs of your growing County in a world that is rapidly changing. We recognize that public entity needs are unique to each customer and that is why we are committed to embracing value added products and services that make a difference in the way you conduct your daily activities. Regions Bank is one of America's largest financial institutions with \$126 billion in assets. We operate over 1,600 Branches, 2,000 ATMs and service 5 million households in 15 states. Regions Bank is fortunate to serve the needs of many local county & state agencies across Mississippi with leading edge products and services. We are guided in all that we do by our 5 core values: Do What is Right, Put People First, Reach Higher, Focus on Your Customer, Enjoy Life.

Regions Bank offers you a Type 035 Public Funds Money Market Checking account for your operating accounts. Per this proposal, Regions Bank is offering Clay County a rate of Fed Funds minus 50 basis points. This rate, which will have a floor of .05%, will go up or down on the day that the Fed changes the benchmark. Interest is paid monthly on the collected balances and statements are provided monthly. Your deposits will be properly collateralized as the bank is a part of the State of MS collateral pool. We also can offer C/D rates as requested on excess funds. All fees associated with this account will apply.

Regions Bank also proposes our proven on-line banking solution to complete your treasury management needs. The iTreasury suite of services, in operation for more than 9 years, provides an electronic window to your bank accounts through any PC with Internet access. Using a web browser, you can access a streamlined menu of easy-to-use cash management products. iTreasury enables you to review previous day transactions, transfer funds between Regions Bank

accounts, initiate ACH transfers initiate check and deposit inquiries, initiate stop payments
export data to your PC and many other functions

Regions Bank is also very proud of its Purchasing Card program that is utilized by many public entities across Mississippi and surrounding states. Purchasing Card would enable Clay County to empower its employees to make purchases in a very controlled environment, while administration would have the ability to monitor and maintain the program via several online tools. It is important to note that Clay County could utilize our Purchasing Card as a stand alone service, independent of a depository relationship. Depending on the level of spending, Clay County could not only operate this Purchasing Card program at no cost but also qualify for an annual rebate. Upon receiving approximate monthly spending activity Regions Bank will gladly provide a detailed rebate schedule. Likewise, we would be happy to discuss the bank's lockbox service with the Clay County if there is an interest.

Regions Bank is providing information on our merchant services capabilities through our partner Elavon. We would be happy to provide a specific estimate of costs to the Clay County if you will provide us specific volumes and transaction details for your existing program. We are willing to provide consultation to the Clay County to determine estimated volumes and costs if you are not currently taking payments via merchant services.

Regions Bank certifies that it is capable of performing all tasks and activities associated with the requirements of Clay County's RFP and is appointed by the State Treasurer of Mississippi as a State Depository. We sincerely hope that Regions Bank is selected to serve as Clay County's partner for the next two years. In the event we are selected the requested depository and treasury management services will be implemented within two weeks of receiving the necessary service agreements. Thank you for your consideration and please contact us with any questions.

Sincerely,

Sammy Slaughter

 **CADENCE BANK**

December 29, 2016

Clay County
Attn: Mrs. Amy G. Berry, Chancery Clerk
P.O. Box 815
West Point, MS 39773

RE: Proposal for Depository Bid for January 3, 2017 – January 7, 2019

Dear Mrs. Berry,

We appreciate very much the opportunity to submit a bid for the County's depository for the term of January 3, 2017- January 7, 2019. It would be our pleasure to continue to serve as the primary depository for the County.

Cadence Bank is a qualified public funds depository as approved by the Mississippi State Treasurer under Sections 27-105-5 and 27-105-6, Mississippi Code Ann. (1972) and has met the capital ratio requirements. Cadence Bank agrees to provide securities equal to 105% of depository funds in excess of \$250,000 in accordance with section 27-105-303 through 27-105-371 Mississippi code of 1972 as amended. Cadence agrees to observe and comply with federal and state laws, local laws, ordinances, orders, and regulations existing at the time of or enacted subsequent to the execution of a contract.

We would like to offer you a fixed rate of 0.31% (31 basis points). In addition to the interest rate, we would also like to offer an Earnings Credit Rate (ECR) of .50% (50 basis points) to help offset charges to your account. I have also attached a proforma, disclosing any fees that could be charged to your account that aren't offset by balances. I would be happy to explain this in more detail, since the ECR is significantly higher than the interest rate on balances.

Additional recommendations or solutions we would like for you to consider would include:

- **Positive Pay** is a cash management service used to minimize potential fraud on checks or electronically created debits issued by your business. **Positive Pay Reconciliation** exports at no charge allowing for an inexpensive tool compatible with your accounting software.
- **ACH Positive Pay** reduces the risk of fraudulent ACH transaction activity. It allows you to set limits on which ACH debits are automatically

CADENCE

BANK

authorized to be paid and you are notified each morning of any debits presented to Cadence that does not fit those criteria

- **Outsourced Disbursements** Checks printed, stuffed and mailed at a discounted bulk rate provides a soft charge through your account analysis so your balances can help offset the service fee
- **Lockbox Services** speed up the collection and processing of your receivables and reduce the days sales outstanding. In addition, eliminate the time and cost of internal remittance processing by providing you with valuable data files and images you need to update your receivables records. Lockbox imaging and archive also saves you time and money associated with the research and storage of paper items
- **Payables (A/P) Lockbox** eases the pain of imaging, routing and approving your payables
- **Remote Deposit** to get your deposits made faster and easier without ever leaving your office by depositing them electronically. Remote Deposit also allows you to research and access images of deposits and checks
- **Payroll Services** to reduce the time intensive tasks associated with human resource management, payroll processing and data integration
- **Merchant Services** to accept debit and credit card payments

Thank you for giving Cadence Bank the opportunity for bid on your depository accounts and to provide our services to you

Sincerely,

Lon Frady

IN THE MATTER OF ACCEPTING AND AWARDING WASH GRAVEL BIDS FOR YEAR 2017

There came on this day for consideration the matter of accepting and awarding wash gravel bids for year 2017.

After motion by Luke Lummus and second by Lynn Horton this Board doth vote unanimously to accept and award the wash gravel bid for District 1, 2, and 4, who is requesting to accept the wash gravel bid of Preston Dobbs at \$7.80 per ton as the best bid for the said Districts due to the location of Preston Dobbs being significantly closer to the said district sheds. Additionally, District 3 and 5 accept the bid of Bacco Materials Inc for wash gravel at a price of \$8.75 per ton due to the quality of the material being better and the location of Bacco being logistically closer to each District than Preston Dobbs; however, this Board does award to BACCO as the Alternate Bid for wash gravel at a rate of \$ 8.75 per ton and for Districts 1, 2, and 4 when the respective, primary bidder, accepted by each district, cannot deliver or produce the wash gravel produce needed. For Districts 3 and 5 the alternate bidder when the primary bidder cannot deliver the product would be Preston Dobbs at \$7.80 per ton.

After motion by Luke Lummus and second by Lynn Horton this Board doth vote unanimously to authorize to accept and award the bid for Wash Gravel as stated above.

SO ORDERED this the 3rd day of January, 2017.
